

Invitation to “Technology for Smart Logistics: towards 2030+” Conference

It is our great pleasure to announce that the Logistics & Transportation (LT) Division, Manufacturing & Industrial (MI) Division, and Control, Automation & Instrumentation (CA) Division of the Hong Kong Institution of Engineers will join force to organize the “Technology for Smart Logistics: towards 2030+” conference on 13 September 2017 in Hong Kong.

The conference will take place in the Hong Kong Convention and Exhibition Centre (Room: S221). The half day (afternoon) event features prominent speakers from academic institutes, technology professionals and key business leaders from renowned international corporations. Market insights and innovations at the forefront of smart logistics, automation and technology will be shared during the conference.

Date, Time & Place

Date: 13 September 2017 (Wednesday)
Time: 14:00 - 17:40
Organizer: The Hong Kong Institution of Engineers
Venue: Hong Kong Convention and Exhibition Centre (Room: S221)
Fee: Free

Programme Highlights

More than three hundred attendees are expected to join the conference, of which they include HK Legislative Council Representative, senior ranked officers from the HKSAR Government Transport Department, business leaders, specialists from both the public and private sectors, logistics associations’ leaders, engineers and industrial practitioners. We are confident that the “Technology for Smart Logistics: towards 2030+” conference will be an excellent platform for all professions to share and exchange views and insights.
